Thousands of people have lost their lives and millions of people were affected by the crisis due to the conflicts between Syrian government and demonstrators, which has started in March 15th, 2011 and has spread nation-wide with the demonstrations in April 2011.

As of July 2020, more than
5.6 million people had to leave the country.

More than
13.1 million people were internally displaced or in need of humanitarian aid.

Within the scope of Syrian Crisis Humanitarian Aid Activities, Community Based Migration Programmes was established in March 25, 2016 under Directorate of Migration and Refugee Services in order to manage and establish collaborations provided by International Federation of Red Cross Red Crescent Societies, partner National Societies and International Committee of Red Cross who are the components of the Movement.

In Community Based Migration Programmes, different projects are being developed by agreeing with partner institutions in order to produce solutions for the needs of the beneficiaries. The projects do not only include services held within a certain time frame; but also it contains activities that will be carried out in line with the new requirements.

In July 2020, Community Based Migration Programmes reached
2.174.822 people.
